Fruits of science, technology and innovation must reach common man: PM

New Delhi, Nov 13
Prime Minister Shri Narendra Modi said today that the government has given importance to the need to break silos between departments. He reiterated various government initiatives of the Prime Minister of India. Interacting with the A&N Administration in the State, he emphasized the importance of development of appropriate software and mechanisms which can aid the science and technology research community as well as schoolchildren, and link them to Aiding Tinkering Labs across the district and regional level. The Prime Minister called for various departments to work together for the development of new mechanisms, possibly software, which will start functioning after the completion of construction of these labs. The Prime Minister also reiterated the need to make all educational institutions, schools and colleges a part of the process, as this will help in the development of a scientific temperament among schoolchildren, and link them to Aiding Tinkering Labs across the district and regional level.

Members of the Council, the Prime Minister called for various departments to work together for the development of new mechanisms, possibly software, which will start functioning after the completion of construction of these labs. The Prime Minister also reiterated the need to make all educational institutions, schools and colleges a part of the process, as this will help in the development of a scientific temperament among schoolchildren, and link them to Aiding Tinkering Labs across the district and regional level.

Port Blair, Nov. 13
The Andaman & Nicobar Islands have vast potential for fisheries development in view of its Coastal length of about 1,962 Km and Continental shelf area of 35,000 Sq. Km. The Exclusive Economic Zone (EEZ) around these Islands is about 6,00,000 Sq Km with an estimated Fishery potential of 1.48 lakh MT which is 3.8% of our country’s total Fishery potential. For augmentation of Fish production and to harvest the un tapped fishery resources without affecting the fragile ecosystem, the Department of Fisheries, A&N Administration is implementing various schemes & programmes.

INITIATIVES

• Introduction of 20 deep sea fishing vessels enabling fishermen to harness fishing potential.
• Establishment of 30 MT Cold Storage & Blast Freezer to maintain cold chain.
• Establishment of 30 MT Cold Storage & Blast Freezer and 10 MT Ice Plant to maintain cold chain.
• For early detection and control of diabetic retinopathy, a special two days clinic is arranged on the occasion of World Diabetic Day – 2018 on Nov. 15 and 16, at R.N. No.32, Eye Camp, S.G.P.H.
• For promotion of deep sea fishing, the Department has negotiated with National Fisheries Development Corporation (NFDC) with a plan to introduce 20 deep sea fishing vessels with a total project cost of Rs 25 Cr. which will enable the fishermen to harness the fishing potential.
• National Fisheries Development Board (NFDB) has been requested for drawing, design and specifications of deep sea fishing vessel under Blue Revolution. Detailed proposal has been submitted to the National Cooperative Dev. Corporation, New Delhi to provide financial support to the A&N Fisheries Coop. Federation for production of Inland Fisheries activity in Isles.
• For development of Cold Chain, the Administration in consultation with NCDC has submitted projects to be taken up for developing cold chain facility and Marketing Network in the islands.

DEPTU STAGE

• For promotion of deep sea fishing, the Department has signed MoU with SFDC, West Bengal for promotion of Inland Fisheries activity in Isles.
• MoU signed with SFDC, West Bengal for promotion of Inland Fisheries activity in Isles.
• The Fisheries Department has operationalised 8 Fish Landing Centres, out of 19 planned Fish Landing Centres under Blue Revolution by 2020.
• The Administration has already embarked on the direction of constructing High Density Polyethylene Jetty using latest technology at Radhanagar, Kishornaggar, Kagalhati and Baludera at Mayabunder.
• To provide assistance to fishermen, the Department has selected 50 beneficiaries under Blue Revolution for availing subsidy for construction of FRP fishing boats. 20 beneficiaries have been given Rs 1.6 lakh subsidy each for motorization of crafts and more than 150 beneficiaries are to be taken under the scheme. Purchase of safety equipments like GPS, Fish Finder etc., acquisition of FRP equipments like GPS, Fish Finder etc., acquisition of FRP

Young Nihal impresses with calm demeanour

Kokila, Nov 13

The eyes widened as namaste rang out from the lips of Nihal Sarin about the crucial ingenuity displayed in his second game. American Hindu Nakazaki said the 44-year-old from Tirumala in the Tata Steel Chess India on Saturday and their point out. I think the position was a bit unbalanced, one thing you learn as you become stronger is that you just being able to tact a position and try to find a way is not necessarily a plan. Nihal became the 12th-

Kowloon. Kashyap defeated Nihal, who became the 12th-
