Port Blair, Aug 6

The spread of the COVID-19 pandemic is a matter of serious concern requiring concerted efforts by all. The Administration of A&N Islands reiterates the importance of people's responsibility in war against COVID-19.

The Administration has made elaborate and proactive arrangements for health care, containment, management and control of COVID-19. Regular COVID-19 surveillance is being made on a daily basis, and adequate arrangements of beds at Hospitals, COVID Care Centres and Quarantine Centres have been made in all the Districts. The Administration has arranged adequate number of medical equipments and medicines required for the purpose. 228 beds have been made ready in the Hospitals in South Andaman District. Further, in the North and Middle Andaman District 123 beds have been made ready and 26 beds have been made ready in Nicobar District, a press release issued by District Administration.

A Doctor's prescription for the intake of the above medicines is not required. But it is mandatory for all patients under home isolation to be in contact with the nearest UHC daily for monitoring their health. The consultation will be provided by the nearest UHC within 24 hours for patients with symptoms.

All persons coming to A&N Islands are liable to be quarantined for 14 days. This instruction is applicable. This is the most effective measures in fight against COVID-19. The compliance of precautionary and preventive measures is the general public which are being regularly informed and are reiterated. The following must be scrupulously adhered to by the passengers:
